Water-based lacquers – Natural and resistant

The future belongs to water-based coating systems, not least in terms of sustainable environmental management. JORDAN Lacke's water-based products therefore offer a genuine alternative to solvent-based coating systems.

Just excellent

The "Excellence" line stands for 2C water-based lacquers that offer the highest quality and resistance, easy application and environmental compliance. And all this with just one hardener for all 2C water-based lacquers!

ECO-FRIENDLY, WATER-BASED AND SIMPLY EXCELLENT

THE PRODUCT RANGE FOR
PROFESSIONAL 2-COMPONENT FINISHES

2C AQUA-EXCELLENCE-COLOR JK8464

NEW!

**Water-based 2C coloured lacquer for
high-quality surfaces**

GLOSS LEVEL
matt

MIXING RATIO
10:1 by volume with
AQUA-HARDENER JH8410-0-001
